 Ilaria.delia@enea.it

WORK EXPERIENCE

From 1 December 2009

Researcher

ENEA – Italian Agency for New Technologies, Energy and Sustainable Economic Development, Lungotevere Thaon di Revel, 76 – 00193 Rome (Italy),
<http://www.enea.it/it>

- Study and research on energy and air pollution integrated assessment model. In details:
 - integration of different models and in particular the link of the economic-energy TIMES-Italy model to the GAINS-Italy model so to supply economic-energy scenario analysis with air pollution and GHGs emission scenario;
 - development of an optimization tool for the elaboration of emission and air quality reduction scenarios and cost evaluation and for the assessment of air quality policy;
 - elaboration of national and regional air pollution and GHGs emission scenarios;
 - assessment of regional air quality and energy plans;
 - assessment of national and regional air pollution emission inventories.
 - Participation in the national project MINNI (*National Integrated Model to support the international negotiation on atmospheric pollution*): development of an air quality integrated tool to analyze air pollution/air quality policies and improvement of the GAINS-Italy model.
 - Member of the Italian delegation during the Gothenburg Protocol revision negotiation (February 2011-May 2012).
 - Member of the Italian delegation for the revision of the National Emission Ceilings (NEC) Directive.
 - Participation in Bilateral Agreement for TECHNICAL SUPPORT in LEBANON FOR WASTE MANAGEMENT, AIR QUALITY AND POLLUTION FROM PERSISTENT ORGANIC POLLUTANTS between Italian Ministry of Foreign Affairs and Italian National Agency for New Technologies, Energy and Sustainable Economic Development (ENEA)
- Scientific research and development

January 2008 – March 2008; January 2009 – February 2009

Tutor

University of Perugia – Department of Civil and Environmental Engineering
Via G. Duranti 93, 06125 Perugia (Italy)

Tutor on air emission diffusion, air quality modelling, air pollution and lessons on “The application of models in air quality evaluation”. Scientific research and development
Scientific: University

February 2007 – November 2009

Research fellow

ENEA – Italian Agency for New Technologies, Energy and Sustainable Economic Development, CR Casaccia - Via Anguillarese, 301 – 00123 S. Maria di Galeria (RM) - Italy

Research activity on the development of integrated assessment models on air pollution.
In particular in the following activities:

- harmonization of emission inventories analysing the top-down and bottom-up approach;
- assessment of regional air quality plans;

development of a methodology to evaluate technical and non-technical measures for the air quality reduction policies;

Scientific research and development

July 2006 – February 2007

External Collaborator

ARIANET s.r.l. – via Gilino, 9 – 20128 Milan (Italy), <http://www.aria-net.it/>

Research activity on emission inventories and projections, assessment of the air quality plan of the Piedmont Region.

Environmental Consulting Company

EDUCATION AND TRAINING

23-27 September 2013

Course in “Energy Manager” for civil and public administration

ENEA – FIRE – Ordine degli Ingegneri di Latina

Energy management, energy efficiency, renewable sources, electricity and gas market, incentives in energy efficiency, energy certification

November 2007 – February 2010

PhD in Civil Engineer

University of Perugia – Department of Civil and Environmental Engineering

Via G. Duranti 93, 06125 Perugia (Italy)

Integrated Assessment Model, Air Pollution, Air Quality, Model and Measurement Uncertainties. Dissertation title: "Integrated Assessment Model for Air Quality. The case study of Umbria Region". Supervisor: professor Renato Morbidelli. Tutor: Dr. Giandomenico Pace

July 2004 – July 2006

Scholarship

ENEA – Italian Agency for New Technologies, Energy and Sustainable Economic Development

CR Casaccia - Via Anguillarese, 301 – 00123 S. Maria di Galeria (RM) – Italy

Research activity under the project “Emission and diffusion of air pollution” developing the integrated assessment tool RAINS-Italy.

October 1997 – April 2003

Degree in Environmental Engineer

University of Perugia – Department of Civil and Environmental Engineering

Via G. Duranti 93, 06125 Perugia (Italy)

Hydrology, Real time flood forecast modelling. Dissertation title: “An adaptive real-time flood forecasting model”. Supervisors: professors Renato Morbidelli and Corrado Corradini.

▪

June 1996

First Certificate in English (FCE)

▪ British Council of Rome

▪ English (reading, listening, writing)

PERSONAL SKILLS

Mother tongue(s) Italian

Other language(s)

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	B2	B2	B2	B2	B2
	First Certificate in English				
German	A1	A1	A1	A1	A1

Levels: A1/A2: Basic user - B1/B2: Independent user - C1/C2 Proficient user

[Common European Framework of Reference for Languages](#)

Communication skills

- good attitude to work in team gained through my experience in the negotiation process of the international protocol and European Directive

Organisational / managerial skills

- good skills in organizing my work autonomously and to coordinate team work.

Job-related skills

- good knowledge of air pollutant emission sources and of possible measures and tool to evaluate and reduce emissions.

Digital competence

SELF-ASSESSMENT				
Information processing	Communication	Content creation	Safety	Problem solving
Independent user	Independent user	Independent user	Independent user	Independent user

Levels: Basic user - Independent user - Proficient user

[Digital competences - Self-assessment grid](#)

- good command of office suite (word processor, spread sheet, presentation software)
- basic users of Access, MySQL, GAMS, Autocad and Photoshop
